

## **Tool Guidance**

### Intent

The objective of this document is to develop a tool that can be utilized by the Family Support networks (FSN's) to support the following:

- Support engagement work with families
- Allow families to reflect on their journey and progress toward meeting their goals
- Support the collection of qualitative information surrounding the experience of families that once recorded on FuSion, will inform the measurement and analysis of outcomes and measures within the service agreement and evaluation plan.

The tool is not mandatory and can be used to compliment other tools.

As a family, how confident are you in setting up and keeping routines to support a stable family environment
